

## GUIDE TO CAPITOL HILL TUNNELS AND ROOM NUMBERS

### **HOUSE: Cannon, Longworth, Rayburn (from left to right, viewed from Independence Ave.)**

- **Cannon**

- **Tunnel:** Take elevators to the BASEMENT level. Follow signs pointing to Longworth House Office Building. When you arrive at security, turn left and proceed through the doors to Longworth. DON'T go through Security (it goes to the Capitol, and you must be escorted by a Congressional staffer)

Two tunnels connect Cannon and Longworth, one in the northwest part of the building and one (currently closed, scheduled to open 2025) in the southwest corner of the building.

- **Office Numbers:** Straightforward three digits. Ex: 301 CHOB is on the third floor.

- **Longworth**

- **Tunnel:** The middle building. Take elevators to the BASEMENT level and follow signs to Cannon or Rayburn.

Note: to go to Rayburn, you must take the escalator down to the Rayburn sub-basement.

- **Office Numbers:** Second digit indicates floor. Ex: 1226 LHOB is on the second floor.

- **Rayburn**

- **Tunnel:** Take elevators to the SUB-BASEMENT. Follow signs to Longworth or take the escalator up to access the Longworth basement.

- **Office Numbers:** Second digit indicates floor. Ex: 2450 RHOB is on the fourth floor.

### **SENATE: Russell, Dirksen, Hart (from left to right, viewed from Constitution Ave.)**

- **Russell Tunnel:** Take elevators to the BASEMENT level and follow the signs to Dirksen.

- **Dirksen and Hart Tunnels:** Dirksen has a BASEMENT level tunnel connecting to Russell.

Dirksen and Hart are connected on every floor from the first to the sixth via corridors connecting the buildings in the northeast and southeast corners (for Dirksen) and in the northwest and southwest corners (for Hart).

Avoid taking the basement tunnels between Dirksen and Hart.

- **Office Numbers for all three Senate buildings:** Straightforward three digits. Ex: 616 DSOB is on the sixth floor of Dirksen.
